ODE HOTELS

Penning heritage a luxurious new chapter, and setting the scene in Australia's most charming neighbourhoods, Ode is an anthology of boutique hotels; a library of experiences.

The Old Clare Hotel is a classic you'll never want to put down. She knows the area like the back of her hand, turning neighbours into friends and tourists into locals. Stretching across two iconic heritage-listed buildings, The Old Clare Hotel is wise beyond her years, curated with the curious in mind. Set in Chippendale, the land of galleries, design studios, cafés and restaurants. This is a place destined to keep the wanderlust alive.

It may not come as a surprise, but at The Old Clare, we love love, and the celebration that goes with it. From a let your hair down spritzzy soiree poolside, to long glamorous sit-down dining experiences, we've got a variety of spaces and experiences to nail your brief.
