A hand in a dark suit sleeve is pouring champagne from a bottle into a glass tower. The tower consists of a single flute glass at the top, which is being filled with a frothy liquid. Below it are two rows of coupe glasses, each containing a small amount of champagne. The scene is set on a table with a white tablecloth. In the background, there are more champagne bottles and glasses, suggesting a wedding reception. The lighting is dim and focused on the glass tower.
